

# Community Sports Club Directory

MAY 2015

Ofsted have recognised that using Primary School Sport Premium funding to promote wider links with a range of local sports clubs is a sustainable way of improving the participation and performance of all pupils, including disabled pupils, pupils with special educational needs and the most able.

We have produced this directory so that all Primary Schools in Staffordshire & Stoke-on-Trent have the best opportunity to make these links and have the information at their fingertips to do so. We have provided information on the proactive, effective and safe sports clubs in each locality so that links can be made more easily.

Please feel free to share this directory with parents, carers and through your websites or other communication methods; we want the information in this directory to reach as many interested people as possible.

We hope you find it useful.

Nadine Barnard

*Club Development Manager*

Information correct at time of going to print.

SASSOT only promote Clubmark Accredited Clubs, however, in some cases this accreditation may have lapsed. While most, if not all of the clubs we promote will offer a safe and fun environment, you still need to make sure your parents / carers check out any club you choose to visit. Any clubs visited on this list will be done at your own risk.
