

GEN22

Volunteering Programme

TOGETHER ACTIVE

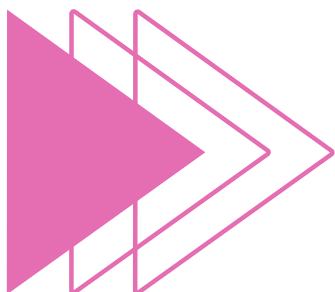

The **Gen22 Programme** aims to help young people from disadvantaged backgrounds aged between **16 and 24 and not currently in employment** gain employability skills through volunteering and funded training with local sports and physical activity organisations.

They will need to complete **30 hours** of volunteering with a host organisation before March 2024, and will be offered training in a skill which interests them and employability support during their placement.

Stoke City FC, Port Vale FC, Burton Albion FC and Bee Active are just some of the organisations they could volunteer for!

Participants need to be nominated, complete the form on the link below on behalf of a young person you think would be suitable, or contact **Together Active** for a chat.

**More info, eligibility and
to nominate**

New opportunities | New skills | New qualifications

GEN22

Volunteering Programme

TOGETHER ACTIVE

Volunteering opportunities are now available through the **Gen 22 programme!**

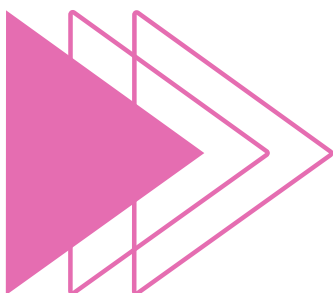

If you're interested in being active and aren't currently working, you could gain new skills and new qualifications by volunteering with local sports groups.

Stoke City FC, Port Vale FC, Burton Albion FC and **Bee Active** are just some of the organisations you could volunteer for!

To take part, you need to be nominated, so ask your support organisation for more info.
