JULY 2025

TOGETHER ACTIVE

Staffordshire & Stoke-on-Trent

Dear Prospective Trustee

Thank you for your interest in becoming a trustee with Together Active. We are seeking two new trustees to join our Board at an exciting and pivotal time for our organisation.

In particular, we are looking for individuals with expertise in either finance or safeguarding, though we welcome applications from anyone with a passion for our mission and a commitment to strong governance.

As a trustee, you will help shape our strategic direction, ensure we maintain effective oversight, and support our work across Staffordshire and Stoke-on-Trent to make movement possible for everyone, especially those most excluded.

We hope you will consider applying to join us and bring your unique perspective and skills to our Board.

Yours faithfully

Carly Jones
Chief Executive

Who we are

We're Together Active, a charity working across Staffordshire and Stoke-on-Trent to make it easier for people to be active in ways that fit their lives.

We focus on the systems that shape who gets included, and who doesn't. That means looking beyond individual behaviours to understand how policy, funding, culture, and place shape people's choices, freedoms, and access to movement. We support local organisations, influencing decision-makers, and helping the system work better for the people it serves.

We began nearly 20 years ago as a County Sport Partnership, hosted within local government. In 2020, we became an independent charity so we could make tackling inequality our core purpose. Today, we're part of a national network of Active Partnerships, but our work is grounded in the needs and realities of our region.

Our focus is where exclusion is most deeply felt: in Stoke-on-Trent and the parts of Staffordshire where poverty, poor health, and marginalisation have shaped daily life for too long. We don't deliver programmes. We don't duplicate what's already working. Instead, we build the conditions for long-term change, by connecting people, making sense of complexity, and helping good work take root.

We believe that being active, being connected to your body, your community, and your choices, shouldn't depend on your postcode, income, health status, or identity.

That belief runs through everything we do.

Our aims

Work with partners to improve the prevention pathway for mental health

Test new ways of working with socially excluded groups to increase opportunities for them to be active

Prove that physical activity has a critical role to play in community development

Our Vision

Design out inactivity across Staffordshire and Stoke-on-Trent

We work to make movement possible for everyone, especially where it's been made most difficult.

We focus on the people most likely to be excluded: those living on low or no income, with poor health, discrimination, or long-term structural disadvantage. Our strategy for 2024-2030 centres on Stoke-on-Trent and the parts of Staffordshire where inequality is most entrenched.

We use a principle called **universal proportionalism**: everyone should have support, but some people need more.

This is long term work. It's about shifting how systems behave, not delivering quick fixes. That means listening closely to lived experience, using data with care, and building partnerships that last. It also means being honest about where things aren't working, and brave enough to change them.

Our priority groups

- Low or No Income, intersecting with:
- Race and/or cultural heritage
- Physical Disability
- Gender
- Experiences of mental health distress or a mental health condition

“
Our aim is to use physical activity as
a vehicle to keep people included
”
